

## Where it all begins

You thought you knew front-end? think again.

GET STARTED

### A Sample Heading

You must wonder how you got stuck here  
You should be vary of seniors asking you to  
appear in weird competitions

### One More heading

But don't worry, too much  
This will all be worthwhile in the end

### A heading on the right

Look at that picture though, how round it  
is.  
Contemplating why you got used to  
bootstrap too much ?

### Why not more headings.

It's my website and it's my competition  
If i want another heading, i swear to god i  
will get one

## An inspirational quote to get things going.

*"Web Development is the most pinnacle of technologies, if you don't study this then it will result in failure,  
also AJAXness is next to GODliness, and it cures cancer"*

Sudhakar Sir

Professor and Esteemed Web Scholar and Jury Member

### Card 1

Attempt only if an expert, or if you  
are crazy, or both. depends really.

### Card 2

If you have reached here you must  
be reading this super attentively,  
this will also serve as a reminder  
that you are running out of time.

### Card 3

Wow, if you are making this,  
question your life choices and think  
how you ended up in this  
competition. yeah and waste your  
time too. who knew reading would  
be bad for you.
